(800) 245-6484 Ext 3341 Drew D'Alessandro
Don't miss this valuable opportunity!**

Invitation To Compare II

Hyster Company's full commitment to the Warehouse segments of materials handling is built on more than 50 years of dominance in the counterbalance forklift segments and complements the only true full-line offering from 2,500# to 115,000# capacity.

Equipco and Hyster will be offering an opportunity for you to view the new *Hyster ZR Reach* truck and to compare this new AC controlled Hyster ZR Reach Truck to Crown and Raymond® equipment. You will have the opportunity to drive all three trucks, compare them, & select the most productive model for your application.

On Friday, November 16, 2007, Equipco will host the *Invitation to Compare*. The event will include a Brief presentation, a Free Lunch, and the opportunity to drive all of the trucks. Our Invitation to Compare will take place at our Bridgeville facility in South Fayette Township.

We are confident that the new Hyster Reach trucks are superior and want you to have this valuable opportunity to compare. You will also be able to view Equipco's wide range of products offered to meet all your Material Handling needs.

Please call Drew D'Alessandro (412) 221-2800 Extension 3341 for more information and to reserve your spot!
